

**Roadrunner Community Exploration:
Academic Success Coaching
Tomás Rivera Center**

The Tomás Rivera Center (TRC) Academic Success Coaching Program supports the academic excellence of UTSA's undergraduate students. We foster the development of skills for academic and personal growth through individual coaching and group workshops in an environment where *students come first*.

We encourage you to contact our program with questions or to schedule an academic coaching appointment. Everything you need to know is on our website. Remember we are located in the TRC at the Downtown Campus, DB 2.114, and on Main Campus, we are moving. Starting Fall 2020, we will be located in the new Student Success Center on Main campus!
